Fencerow Removal Authorization Form

Printed Name of Landowner

Phone #/Email Address

I, _____, as the Landowner, authorize the Wabash County Highway Department remediate the County's Right-of-Way (ROW) and to remove any and all the components of any fencing, structures, vegetation, and any other materials present in the ROW at the location described below. I understand this service is being performed to restore obstruction free zones in the County ROW.

Choose one (1) of the following options:

- I agree to relinquish any claim to the value of any materials removed.
- I agree to provide an onsite location for the highway department to place the materials removed.

The portions of the County ROW remediated will be left in a condition that can be mowed with County equipment and be maintained annually. The County makes no guarantee as to when the work will begin and/or be completed. The work may be prioritized based upon the condition of the fencerow, extent of the obstruction, and/or traffic counts at the location of the work. Landowner will be contacted in advance of work to meet at location described below to confirm extent of material removal. The County shall not be liable for the condition of and/or damage to any materials removed, and does not guarantee or warrant that the materials removed will be suitable for use for any other purpose.

Property Address and Description of Area to be Remediated:

Signature of Landowner
